### Preventive Health Care and Sick Visits

Good health care for newborns, infants, children, and adolescents begin with the preventive visit (checkup) and other services that help keep you healthy. These are preventive services. Our doctors and staff provide these services based on a plan called Bright Futures. The American Academy of Pediatrics (AAP) made this plan to help doctors and families know what preventive services children should receive from birth to 21 years of age, such as screening tests, and advice about staying healthy and safe. This plan can be altered to suit each child as needed. We also follow the AAP vaccine schedule for newborns, infants, children and adolescents.

Because preventive services are important to keeping children healthy, the Patient Protection and Affordable Care Act (health care form law) includes a rule that all preventive screenings and services included in the Bright Futures plan and vaccine schedule must be covered by most health plans. This is not always true, though, as some older plans, called grandfathers plans, do not have to pay in full for preventive services.

#### **Health Plan Terms to Know**

**Co-payment:** A fixed amount that you pay for certain health services before the health plan pays

**Coinsurance:** The portion of the charge that is not paid the health plan (usually a fixed percent of each amount paid by the plan).

**Deductible:** An amount that must be paid before the health plan pays for covered services.

There may also be times when a child needs a service that is not considered preventive on the same day as a well-child visit. If a child is not well or a problem is found or needs to be addressed during the checkup, the physician may need to provide an additional office visit service (called a *sick visit*) to care for the child. This is a different service and is billed to your health plan in addition to the preventive services provided on that day. *If you have a co-payment for office visits or coinsurance or deductible amounts that you must pay before your health plan pays for these services, our office will charge you these amounts.*

We value your time and want to make the most of each appointment for the child. This is why we will address any problem that needs a doctor's care during well-child visits so that only one trip is needed. Some services that may be provided and billed in addition to preventive services include:

- The doctor's work to address more than a minor problem, which will be billed as an office visit (e.g. if the doctor gives a prescription, orders tests, or changes care for a known problem)
- Medical treatments (e.g. breathing treatments)
- Any surgery ( e.g. removing splinters or something the child put in his or her nose or ear)
- Tests performed in the office that are not included in the Bright Futures plan

Our office does not want you to be surprised by a bill but must always bill your health plan based on the actual services provided. Please feel free to ask questions about services that may not be paid in full by your health plan on the day of your visit. It is our pleasure to help.

## Notice of Privacy Practices and Patient Consent For Use and Disclosure of Protected Health Information

**I understand** that under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), I have certain Patient Rights regarding my protected health information.

**I understand** that Bowling Green Internal Medicine and Pediatric Associates may use or disclose my protected health information for treatment, payment or health care operations—which means for providing health care to me, the patient; handling billing and payment; and, taking care of other health care operations. Unless required by law, there will be no other uses and disclosures of this information without my authorization.

Bowling Green Internal Medicine and Pediatric Associates has a detailed document called the '*Notice of Privacy Practices*'. It contains a more complete description of your rights to privacy and how we may use and disclose protected health information.

**I understand** that I have the right to read the '*Notice*' before signing this agreement. If I ask, Bowling Green Internal Medicine and Pediatric Associates will provide me with the most current *Notice of Privacy Practices*.

You may obtain a copy of our *Notice of Privacy Practices*, including any revisions of our '*Notice*' at any time by contacting: BG Internal Medicine and Pediatrics at 615 7<sup>th</sup> Avenue Bowling Green KY 42101 or by phone at 270-846-4800 or on our website at [www.bgimp.com](http://www.bgimp.com).

**Financial Policy**  
**Effective February 19, 2018**

Thank you for choosing Bowling Green Internal Medicine & Pediatric Associates as your health care provider. We appreciate your trust in us and the opportunity to care for you.

Our office does not accept walk in appointments. Appointment times over **20 minutes** late will have to be rescheduled for another date and time.

Our office and physicians make a great effort to get insurance companies to pay their share of the cost of this care in a timely manner. However, due to the recent changes brought on by the Accountable Care Act, this is becoming more challenging. We have therefore implemented a new Financial Policy; please read and sign the policy acknowledgement form. If you have any questions, please ask to speak with the Office Manager.

**Patient Payments**

Payment (co-payments or co-insurance) is due at the time of service. If you have an outstanding balance, please make sure whoever accompanies that patient to the visit is prepared to pay it. We accept cash, check, or credit/debit card to pay your account.

**Medicare Patients**

On January 1<sup>st</sup> of each calendar year Medicare requires that a \$183.00 deductible be satisfied prior to benefits being paid at 80% of the reasonable and customary amount. If you have not met your deductible prior to your office visit you will be responsible for your charges until your deductible is met. Once the deductible is satisfied you will be responsible for 20% of your charges. The only exception to this is a secondary supplemental plan that would cover the 20% of your charges. Please present all insurance cards to the front office upon your initial visit so this can be identified. If our office is aware that certain services are considered non-covered by Medicare, you will be asked to sign an Advance Beneficiary Notice that we informed you of any non-covered service and your financial responsibility.

**First Statement**

Your insurance policy is a contract between you and your insurance company. This contract requires that we collect certain co-payment or prepayment amounts depending upon the type of insurance and insurance carrier at the time of service.

Regardless of your insurance status, when we determine that you owe a balance, we will mail a statement to the mailing address provided to us by you. If your address changes, you are responsible for notifying us. All statements are also available on our secure patient portal. Payment is due upon receipt of the statement.

Please contact our office as soon as possible after receipt of your statement should you have any questions, or should you wish to discuss the outstanding balance. Should you need it, we can help you set up a payment plan with a valid credit card. The credit card use will automatically be charged a monthly basis. We require payment plans to be arranged before your bill is 30 days old. If your insurance pays us after that time, you will be reimbursed.

**Prompt Pay Discount**

Bowling Green Internal Medicine & Pediatric Associates provides a prompt pay discount to those uninsured patients who pay for services at the time of service, thereby avoiding billing and collection costs by the practice. These discounts are set at 25% off the retail price of an office visit. Discounts do not apply to any services other than office services. Prompt pay discounts are not offered to insured patients where Bowling Green Internal Medicine & Pediatric Associates is contractually required to accept a specific fee schedule. However, we do everything we can to mitigate the expense of anyone who is underinsured.

### **Subsequent Statements and Unpaid Balances**

If your account remains unpaid, subsequent statements will be sent to the address we have on file. When your balance is 75 days past due your account will be frozen and turned over to an outside collection agency for non-payment. Once the account is paid or payment arrangements are made through the collection agency, your account will be un-frozen.

### **Insurance Coverage**

While we make a good faith effort to verify your insurance coverage, we are not liable to guarantee that the information given to us by your insurance is correct. It is your responsibility to know what services may or may not be covered by your insurance. We encourage you to refer to your benefits manual if you have any questions about covered services and work with us to make sure that these services are provided at the most cost-efficient manner.

I agree to provide Bowling Green Internal Medicine & Pediatric Associates with the most current and accurate insurance information as it applies to me or my child's account. I will notify the office of any changes to insurance and agree to the assignment of benefits. Finally, if insurance information you provide delays payment, you will be asked to pay in full billed charges and seek reimbursement from your insurance provider directly. The insurance company gives us a very small window in which to file a claim, and incorrect insurance information usually delays this beyond their window.

### **Workman's Compensation**

Any patient being seen for a work-related injury must have prior written approval from the workman's compensation carrier prior to being seen. Our office must be able to verify the reason for the visits as well as coverage for the date of service. The information should include the insurance company name, address, phone number, adjuster's name, injury date and workman's claim number. We cannot schedule the patient without this information. Failure to present this information on the day of the visit will result in rescheduling the visit for another date and time.

### **Third Party Liability Claims**

Third party liability claims will be considered on a case-by-case basis. Prior to the visit in our office we will require all necessary billing information in writing. This information will include the names of all involved parties; complete insurance information, adjusters name and claim number if applicable. If you have attorney representation this information must also be provided.

### **Referrals**

Please be aware of our office policy in reference to referrals. If your insurance company requires a referral when seeing another physician or specialist, please allow us 7 days' notice to prepare your referral form for a non-emergency visit. If the 7-day notice is not received or another physician's office calls the day of the appointment, in a non-emergency situation, the referral will be denied, and you will be responsible for the visit. All non-emergent referrals will be done on the Monday prior to your visit with the other physician or specialist. All emergency referrals will be handled on a case-by-case basis. Please notify the office as soon as possible in an emergency. As a courtesy, we would like to inform you that various insurance companies will not allow us to do a back dated referral. It is very important that you keep us informed when a referral is needed for any reason. It is the responsibility of the patient, or insured if a minor child is involved, to inform our office if a referral is needed due to the various numbers of insurance companies and policies that have different levels of benefits.

### **Child Advocacy**

As an advocate for our young patients, Bowling Green Internal Medicine & Pediatric Associates will not intervene in any custody dispute or financial responsibility dispute between parents or other responsible parties. We will send statements to any one address provided; however, we cannot look to more than one party for financial responsibility.

We welcome the opportunity to discuss any aspect of our financial policy. Please ask to speak with the Office Manager if you have any questions, comments, or concerns. We thank you for your support and look forward to serving you in the future.

## Immunization Policy

At Bowling Green Internal Medicine & Pediatric Associates we are dedicated to providing the highest quality of evidence-based medical care to our patients. This includes our adherence to the vaccine schedule recommended by national organizations such as the American Academy of Pediatrics (AAP), the American Academy of Family Physicians (AAFP), and the Advisory Committee on Immunization Practices (ACIP).

These well-respected organizations and committees include panels of experts in pediatrics as well as infectious disease. The goal is to eliminate or minimize preventable serious disease, thereby promoting the health of all children. These national experts routinely analyze available information and research, monitor the prevalence of vaccine-preventable disease, and analyze reported serious adverse events following vaccine administration. This information is used to create the best vaccine schedule to protect your child. Be aware that there are vaccines used in other countries that are not routinely used in the United States to protect those children from even more diseases.

At Bowling Green Internal Medicine & Pediatric Associate we strive to provide the highest quality care, while respecting the wishes of our parents. Should a family desire to alter the schedule or withhold all recommended vaccines, we feel that this decision not only puts your child at risk of serious preventable disease, but also contributes to the health risk of others.

Please be advised that if you desire an “alternate” vaccine schedule, or if you intend to refuse vaccines, you do so against the advice of Bowling Green Internal Medicine & Pediatric Associates, the AAP, the AAFP and the ACIP. Because we believe that this decision puts your child at risk for vaccine preventable disease and increases health risks for others, Bowling Green Internal Medicine & Pediatric Associates respectfully declines to be your children’s pediatricians.

Thank You.

## **No-Show Policy**

Quality care for our patients is our priority. No-Shows and excessive last-minute cancellations have a negative impact on the efficiency of our practice, can potentially jeopardize the health of our patients, and is a disruption to the patient flow and scheduling availability. Scheduled appointments represent an agreement between you and your physician. Patients are expected to regularly attend scheduled appointments.

Although there are sometimes emergencies that require our immediate attention or appointments that take longer than expected, we do not “double” or “triple” book our appointment slots. If you schedule an appointment and fail to keep it or fail to give adequate notice so another patient may be placed in that appointment slot, it prevents another patient, who may need an appointment that day from being able to be seen in a timely fashion. As a courtesy to you, we have reminder calls and/or texts 2 to 3 days prior to your scheduled appointment.

Please note the following:

1. Please be aware that if you are a new patient and fail to show up for your 1st appointment without giving at least a 24 hour notice, you may be asked to find another medical office or physician for medical care.
2. For Well Child Check-up appointments that must be cancelled, please give at least a 24-hour notice prior to the appointment time. All sick or recheck appointments that must be cancelled, please give at least a four-hour notice.
3. All “no show” appointments will be documented in the patient’s chart and should you have excessive no shows for appointments, the physicians may request that you see another physician to care for you.
4. Missed multiple sibling check-ups (2 or more children in the same family scheduled on the same day) may forfeit the opportunity to schedule more than one child on the same day in the future for their well checkups. We understand that emergencies may occur, and should that be the case, please contact us as soon as possible to let us know your situation. This goal of this policy is to improve scheduling opportunities and increase availability for all our patients.
